## Jacob's Joke Was on Burglar; Gave-Him 10-Cent Fake Diamond

Had Bought a Real One, Much Like the Other, But

On a recent trip to Manhattan, Jacob Ingals, thirty-two, of No. 367 Second Street, Homestead, N. J., bought a "diamond ring" in a five-andten-cent store and had considerable fun flashing it on his friends. But be didn't fool his closest friends; they knew it was phoney.

"Why don't you buy a real ring?" asked one of his neighbors then ther day, "You're making enough mone now to afford a good diamond."

The suggestion appeared pertinent, on Ingals did buy one, and a good one, at that,

This morning about 2 o'clock In als was awakened by noises in a roor djoining his bedroom. He got up to investigate and walked into a burglar who covered him with a revolver.

"I want that new ring of yours, said the burglar. "Hand it over quietly and I'll leave quietly. But don't start nothin'!"

"Well, I guess you've got the drop on me," said Ingals, resignedly, and valked into his bedroom. He picked up e ten-cent diamond and handed l The burglar thanked him prousely, gave a parting admonition not make any noise, and departed.

# Armstrong's Linoleum

for Every Floor in the House

### How linoleum makes the floor a part of the room

THERE are many things about a linoleum floor that you are sure to like. In linoleum you can get designs and colorings that will contribute to the color scheme you have in mind.

In addition, a linoleum floor is the easiest of all floors to clean. It never needs refinishing, never splinters. An occasional waxing and polishing keeps it looking new.

This modern linoleum properly laid is a permanent floor. Proper laving means cementing the linoleum to a lining of builders' deadening felt which is glued to the bare floor boards. This makes a waterproof floor, free from unsightly cracks.

Our booklet, "Decorative Linoleum Floors," contains twenty-four color plates, showing Armstrong's Linoleum in the many patterns that you can see at good stores-Jaspés, carpet inlaids, parquetry inlaids, inset tiles, printed designs. This booklet will be sent you on request.

Any good furniture or department store will give you estimates of the cost of linoleum floors properly laid in your home. Good laying is worth the cost because it means longer wear.

#### Armstrong's Linoleum Rugs

For people who live in apartments or who have houses on short leases and consequently do not wish to install permanent linoleum floors, Armstrong's Linoleum is also made in the form of bordered rugs. Thirty attractive patterns in four sizes from 6 x 9 feet to 9 x 12 feet.
